

An aerial photograph of a landscape featuring a mix of dense green forests and industrial or commercial developments. Several large, light-colored buildings with flat roofs are visible, interspersed with trees. A network of roads and what appears to be a railway line winds through the area. The overall scene suggests a company's operational site in a wooded region.

LINTEX

Sustainability and FSC

2024-09-26

An abstract geometric composition featuring a white sphere resting on a highly reflective, light-colored surface. The sphere is positioned in the lower right quadrant of the frame. To the left of the sphere, a large, translucent yellow rectangular block stands vertically. The background is composed of various geometric planes and surfaces in shades of brown, tan, and grey, creating a complex, layered environment. The lighting is soft and directional, casting a clear reflection of the sphere onto the surface below it. The overall aesthetic is minimalist and architectural.

what a writing board can be”

MOOD FABRIC by MATTI KLENELL and HALLEROED

Made in Sweden

Measured and verified

LCA and EPD (3rd party verified)

FSC® certified wood (FSC-C170086)

Möbelfakta labeled products

EU Ecolabeled products and fabrics

VOC: M1, EN 717-1:2004

Quality: EN 14434:2010, EN 1023:2000

Product credits BREEAM, LEED, WELL & DGNB

Climate impact scope 1, 2 and partly 3 (GHG Protocol)

Net producer of renewable energy (since 2022)

ISO 14001:2015

FSC-STD-40-004 / FSC-STD-40-003 / FSC-STD-40-007

An aerial photograph of a large industrial building with a flat roof. The roof is covered with a grid of solar panels, with some sections appearing to be under installation or maintenance. The building is surrounded by other industrial structures and parking areas with some vehicles.

Our ambitions

Net-producer of renewable energy

Net-zero climate impact by 2040

Circular products by 2030

FSC Target

All woodbased material in our products shall be certified with FSC

Why?

Our own ambitions

Client requests (all markets and sectors)

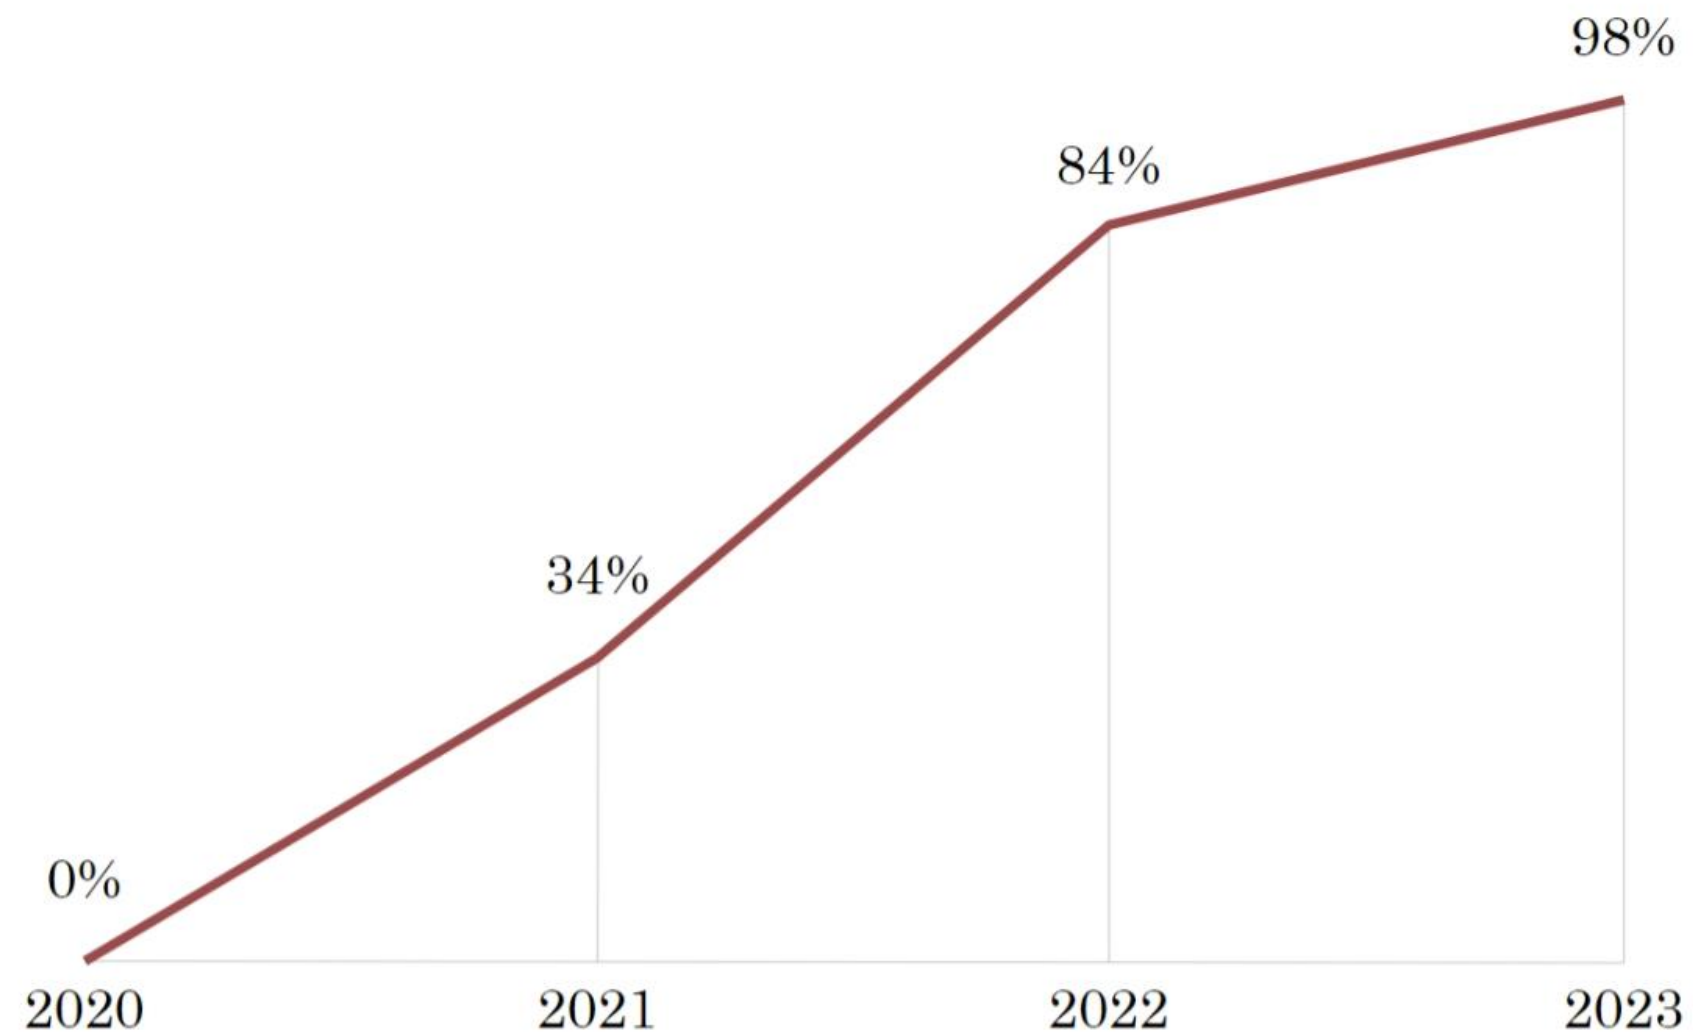

Valid in LEED, BREEAM, Möbelfakta, EU Ecolabel and more

Clearly pointed out in upcoming EU legislation

And more...

Progress

Material certified with a least FSC Mix 70%

August 2021: Chain of custody (FSC-STD-40-004)

September 2024: Multiple sites and Reclaimed material (FSC-STD-40-003 / FSC-STD-40-007)

LINTEX Retake

An aerial photograph of a vast, dense forest. The trees are tightly packed, creating a textured green surface. The lighting is soft, with some areas appearing slightly brighter than others, suggesting a canopy effect. The overall tone is natural and serene.

What was easy?
And not so easy?

Important to know for
architects and buyers

An aerial photograph of a long, multi-lane bridge spanning a large body of water. The bridge features numerous tall, dark support pillars. The water is a deep blue-grey, and the sky is a hazy, light grey. In the distance, a city skyline is visible through the haze. The word "LINTEX" is overlaid in the center in a white, bold, sans-serif font.
