

Declaration regarding safety / function for declaration in Möbelfakta

The following statement can only be given by an accredited testing laboratory. The statement includes the following furniture which is deemed to meet the requirements of strength and safety as specified below. The statement is based on the following test report for another variant of the furniture. This applies, provided that the performance, material quality, dimensions and other characteristics that may affect the test results are equal to the tested product.

Manufacturer: Enter the company that manufactured the product

Product: Indicate variants of the product to which the statement must include

Tested product: indicate the tested product and the variants the test covers

Test report: Enter report number and date

Standard: Specify the test standards / standards

Issued by: enter testing lab and administrator

Signature: Signature of Administrator

Date: specify the date of issue of this statement
